## Last Chance On Silver Cycle Shares at \$1.50

SHEVER CYCLE is a sensorional stock BECAUSE it is in the SENSATIONAL neighborhood. IN BLOCK 73. The least bit of extra news of new development will be the means of taking up every share that is offered at \$4.50.

We Believe That News Is Now on the Street

It came over the wire, is absolutely authentic-and reads as follows:

"Wichita Falls, June 2.—Meadows Barker well in Block 75, adjoining Silver Cycle on

well in Block 75, adjoining Silver Cycle on the east, came in today with a good flow of Oil. The well has not yet been fully completed and the drillers say it will be a sensational well. P. J. McKeown."

This telegram in reference to the MEADOWS HARKER allt mean the heavy buying of SILVER CYCLE—and should oversubaribe the reservations which Brokers are offering at \$1.50. Just how much of the stock can be bought—EVEN NOW—st \$1.50 is hard to estimate—as SILVER CYCLE is a favor/to smoog the brokers—and many are holding it for higher prices.

sinong the procession many are seemed, prices. SHAVER CYCLE SHOULD BE SELLING at a price SOME-WHERE NEAR her rich neighbors. UNITED OIL is doing today what SHATER CYCLE ought to be doing a short time from now. ENITED OIL is sentling out dividend checks of 15%. SHAVER CYCLE is 200 YARDS FROM UNITED OIL.

GOLDEN CYCLE—udjoining SHAVER CYCLE—is not only drilling another well—but is repairing the damage done by five on ber first well. ATRICY tell us that the GOLDEN CYCLE—S first well is really BIGGER THAY THE BURK-WAGGONER.

CLE'S first well is really HIGGER THAY THE BURK-WAGGONER.

SYMMIT PET. OIL—adjoining SILVER CYCLE—brought in
a BIG WELL last week—which started the half rolling for
SILVER CYCLE.

MEADOWS BARKER should sell every share in sight of SILVER
CYCLE—and we doubt if 25.000 SHARES can be bought
from all the brokers combined.

SILVER CYCLE OIL COMPANY, bended by J. A. D. Smith,
who put OCEAN OIL on the map, is a REAL OIL COMPANY. This Company already has production in the "shallow" fields. Tibs Company owns over 500 acres. Its capitalization of \$150,000 warrants the Company in guaranteeing the delling of Three wells on their acroage—in Block 75.

SILVER CYCLE OIL COMPANY IS TODAY DRILLING THE
FIRST ONE IN BLOCK 23. SMITH believes that this first
well will be "in" by the 17th of this month. IT SHOULD
BE A BIG WELL.

THE COMPANY HAS ANNOUNCED THAT ON

THE COMPANY HAS ANNOUNCED THAT ON JUNE 17TH THEY WILL LIST THEIR SHARES ON THE EL PASO STOCK EXCHANGE AT \$3.00

ON THE EL PASO STOCK EXCHANGE AT \$3.00

A SHARE

On the same date they will apply for Bring on the New York Curb and the Los Angeles Stock Exchange.)
WE BELLI-VE that the market on SHAVER CYCLE will be above \$3.00 before the 17th. THE LAW OF SUPPLY AND DEMAND should place this stock at HIGHER FIGURES.
WE BELHEVE when the Company brings in their well in Block 75 that the SHARES WILL SELL AT 10 FOR 1. THIS IS OUR VIEWPOINT. Looking at it from a Broker's standpoint we have been favored in our judgment of STOCKS and we have no hesitancy to recommending the immediate purchase—BY WHIE—OF SILVER CYCLE AT \$1.20—FOR A 10 TO 1 POINT RISE.
WE SAY WIRE YOUR ORDERS, BECAUSE those who order by mail will stand a good chance of baving their money returned.
